IPL (Intense Pulsed Light) Permanent Hair Reduction

IPL (Intense Pulsed Light) Permanent Hair Reduction Excess body hair is a common complaint for our male and female clients. Our versatile IPL services provide safe and effective hair reduction or removal for face and body. IPL is the only clinically-proven method of permanent hair reduction and, because it is virtually pain free, it's no surprise that it's our most popular treatment. We want you to have the best IPL treatment that suits your skin type. That's why our specialists offer two different hair removal solutions and each can be tailored to your individual needs:

- 1 Formatk 'All-in-One' Ground-breaking technology which offers IPL and a range of other skin and nail perfecting treatments.**
- 2 Lynton Luminette (Available at Aberdeen Only) Can treat exceptionally delicate hair problems. Many clients hesitate when considering IPL treatment due to anticipated high costs. At Naturalaser, our IPL treatments are priced per session to help you manage your budget.**

Skin Rejuvenation

There are many reasons why skin begins to sag and lines form: pregnancy, weight loss, sun exposure and ageing are just some of the causes. The IPL Rejuvenation process uses IPL (Intense Pulse Light) to heat the underlayers of the skin, stimulating the production of collagen which is the substance that keeps the skin firm and supple.

DermaQuest™

DermaQuest™ Customised Facials

60 mins	£50
---------	-----

DermaQuest™ advanced facials harness the latest developments in skincare technology, enabling the effective treatment of a variety of mild skin concerns including fine lines, wrinkles, blackheads and blemishes. A fantastic introduction to DermaQuest™ treatments and products; these advanced facials are both therapeutic and results-driven, blending relaxation with visible results.

Diamond Peel Microdermabrasion

Diamond Peel is a slightly gentler form of microdermabrasion that can be altered according to face and abrasion level. This is a controlled form of surfacing in which diamond grain gently exfoliates the outer layer of the skin. These procedures promote collagen production, and the results are immediate – skin is visibly rejuvenated and firmer.
